DETAILED ACTION

The Amendment, filed on December 9, 2004 has been entered and overcomes the rejection of claims 2,8 under 35 U.S.C. § 102(b).

Cancellation of claims 1, 3 and 10 has been entered.

Allowable Subject Matter

Claims 2, 4-9, and 11 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 2 the prior art of record neither teaches nor suggests a cathode ray tube with reinforcing band having all the limitations as claimed and particularly the limitation comprising the distance in the direction of the tube axis from bonding part of the panel and the funnel to the end of the bent portion on the electron gun side represented by b and the distance in the direction of the tube axis from the bonding part to the central position of the outer surface of the effective portion represented by h satisfying $b \geq 0.7h$.

Claim 4 is allowed because of its dependency status from claim 2.

The reason for allowance of claims 5-7 has already been cited in the previous office action.

Regarding claim 8 the prior art of record neither teaches nor suggests a cathode ray tube with reinforcing band having all the limitations as claimed and particularly the limitation comprising the distance in the direction of the tube axis from bonding part of the panel and the funnel to the mold matching line represented by c and the distance in

the direction of the tube axis from the bonding part to the central position of the outer surface of the effective portion represented by h satisfying $c \geq 0.8h$.

Claims 9 and 11 are allowed because of its dependency status from claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
